Effect of rounding

A number of figures, amounts, percentages, estimates, calculations of value and fractions in this presentation are subject to the effect of rounding. Accordingly, the actual calculation of these figures may differ from the figures set out in this presentation.

Past performance

Past performance and pro-forma financial information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of the Company's views on its future financial performance or condition. Past performance of the Company cannot be relied upon as an indicator of (and provides no guidance as to) future Company performance.

Future performance

This presentation may contain certain 'forward-looking statements'. Forward-looking statements include those containing words such as: 'anticipate', 'believe', 'expect', 'project', 'forecast', 'estimate', 'likely', 'intend', 'should', 'could', 'may', 'target', 'plan', 'consider', 'foresee', 'aim', 'will' and other similar expressions. Any forward-looking statements, opinions and estimates (including forecast financial information) provided in this presentation are based on assumptions and contingencies which are subject to change without notice and involve known and unknown risks and uncertainties and other factors which are beyond the control of the Company. This includes any statements about market and industry trends, which are based on interpretations of current market conditions. Forward-looking statements may include indications, projections, forecasts and guidance on sales, earnings, dividends, distributions and other estimates.

Forward-looking statements are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Actual results, performance or achievements may differ materially from those expressed or implied in such statements and any projections and assumptions on which those statements are based. These statements may assume the success of the Company's business strategies.

The success of any of these strategies is subject to uncertainties and contingencies beyond the Company's control, and no assurance can be given that any of the strategies will be effective or that the anticipated benefits from the strategies will be realised in the period for which the forward-looking statement may have been prepared or otherwise. Readers are cautioned not to place undue reliance on forward-looking statements and except as required by law or regulation, the Company assumes no obligation to update these forward-looking statements.

To the maximum extent permitted by law, the Company and its related bodies corporate, officers, employees, agents and advisers (the "Limited Parties"):

- disclaim any obligations or undertaking to release any updates or revisions to the information to reflect any change in expectations or assumptions;
- do not make any representation or warranty, express or implied, as to the accuracy, reliability, fairness or completeness of such information, or likelihood of fulfilment of any forward-looking statement or any event or results expressed or implied in any forward-looking statement; and
- disclaim all responsibility and liability for these forward-looking statements (including, without limitation, liability for negligence).

2. Fleet figures as at 31 December 2013; revenue information for fiscal year ending 30 June 2013

Regulatory Environment

- 2014 Federal Budget
 - Fringe Benefits Tax rules for motor vehicles unchanged
 - In line with Coalition's November 2013 statements
- **sgfleet** has a track record of successfully dealing with and taking advantage of change
 - ✓ Diversified business
 - ✓ Value-add products and services
 - ✓ Technology and process development
 - ✓ Government consultation

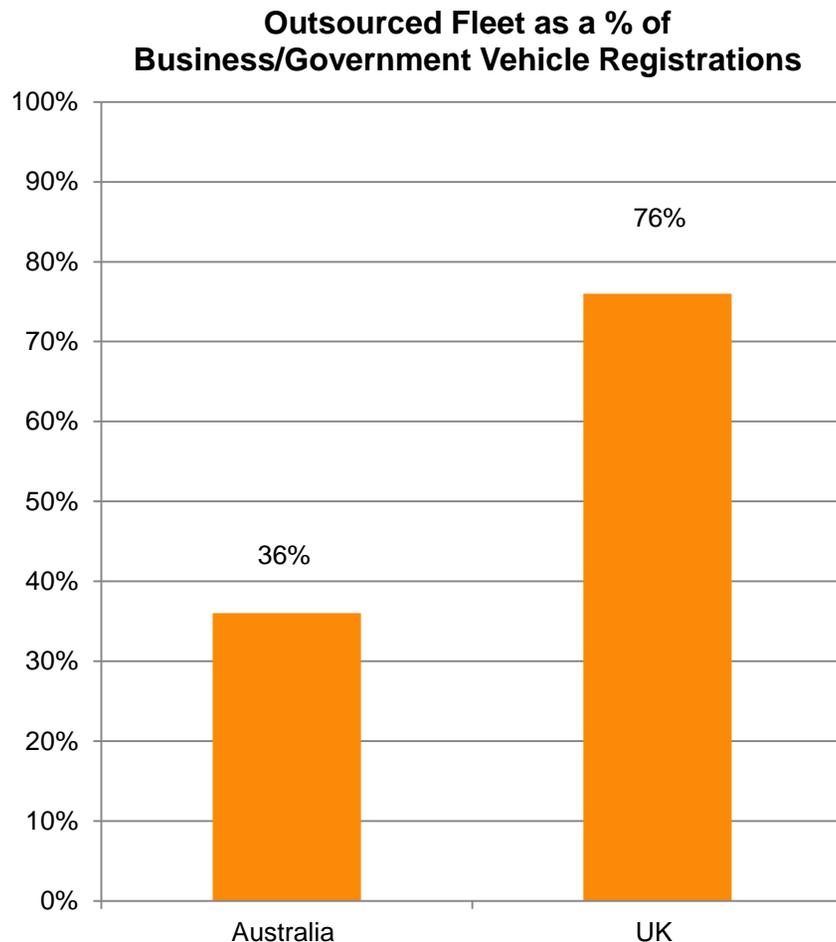

Attractive Market Fundamentals

The trend to outsourcing

Trend towards outsourcing represents ongoing opportunity for *sgfleet*

Compared to more mature markets, outsourcing in Australia has significant growth upside

Outsourcing Penetration¹

Benefits of Outsourcing

- ✓ Lower fleet costs through access to economies of scale and fleet optimisation
- ✓ Outsource non-core activity to focus on core business
- ✓ Greater budget and cashflow certainty
- ✓ Transfer of maintenance cost of vehicles
- ✓ Transfer of residual value risk
- ✓ Efficient capital allocation and balance sheet utilisation
- ✓ Provide remuneration benefits to employees through salary packaging

1. The Australian statistic is the proportion of new vehicles registered by corporate and government departments (as per Federal Chamber of Automotive Industries data) that were managed by Australian Fleet Lessors Association ("AFLA") members in 2012 (as per AFLA data). The UK statistic is the proportion of UK company car parc (as per Society of Motor Manufacturers and Traders data) that were managed by British Vehicle Rental and Leasing Association ("BVRLA") members as at 31 December 2012 (as per BVRLA data)

Government Outsourcing

Federal Budget confirms trend

- Government outsourcing levels low when compared internationally
 - 2014 Federal Budget confirms Government's intention to increase focus on efficient management of assets
 - State Governments (QLD, NSW, VIC) likely to evolve in similar direction (ca. 50,000 assets)
- **sgfleet's** offer can assist with Government's cost agenda
 - E.g.: reduced fuel spend for federal government client by providing real time and accurate fuel usage data
 - E.g.: assisted state government client with optimisation of fleet
 - Strong government relationships also provide opportunities for novated leases as a salary packaged tool

Well-Developed Strategy For Growth

sgfleet's growth strategy represents a continuation of initiatives that management have been successfully executing for several years

#1

Greater Penetration of Existing Customers

- Significant embedded growth from recent customer wins where **sgfleet** will write new leases as these new fleets roll on
- Forward visibility on majority of growth required to achieve forecast corporate vehicle deliveries in FY2015 (underpinned by recent customer wins)
- Active customer retention program
- Greater penetration of employee base within existing salary packaging customers

#2

Winning New Customers

- Winning new corporate customers from competitors and from new-to-market customers
- Targeted sales effort including priority targets for new business development
- New large employers as customers offer salary packaged vehicles as an employment benefit to their employees
- Significant 'salary sacrifice' and corporate opportunities in the UK

#3

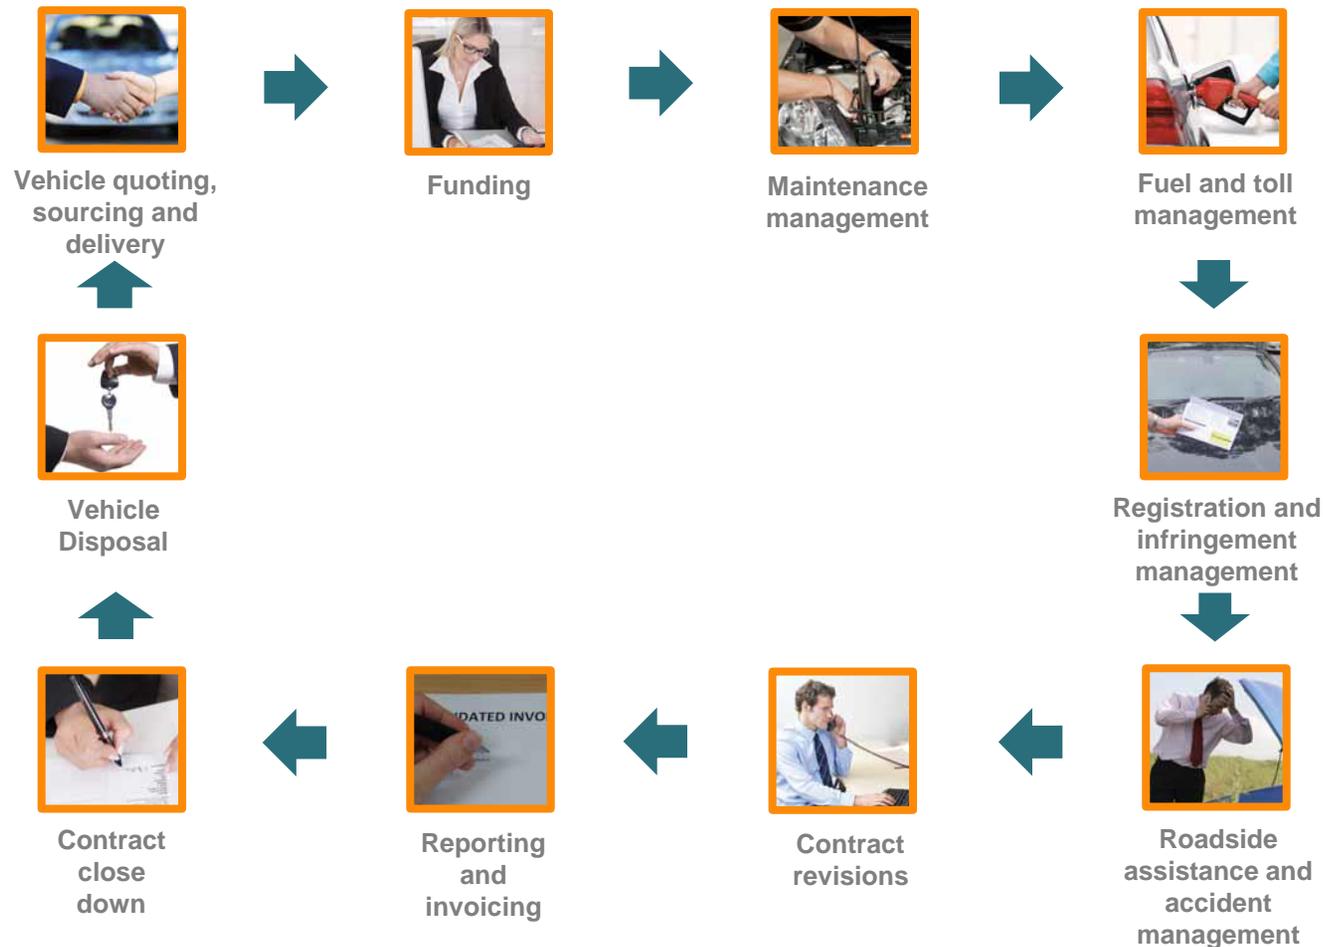

Inorganic Opportunities

- Possible acquisition and investment opportunities in Australia and in the UK
- Subject to appropriate price, risk and return hurdles

Customer Penetration

Enhanced integrated offering

- Offer end-to-end fleet management service
- Focus goes beyond asset: full customer, driver and technology service

Customer Penetration

Product and Service Innovation

- IT systems and advanced customer-facing technology are key differentiators
